Example ways to hook to a notebook

## CREATE A LINK TO THE NOTEBOOK

Commit to github.

Find notebook on github, copy link

Use nbviewer and paste link to get new viewer link:

<https://nbviewer.jupyter.org/>

## INCLUDE AS IFRAME

Use nbviewer:

<https://nbviewer.jupyter.org/>

## CONVERT TO STATIC PAGE

Step 1, convert to HTML:

```
jupyter nbconvert --to html notebook.ipynb
```

Step 2, include it right in:
